Drawing Notes

- Compartment widths on drawings are shown at center line of panels.
- Compartment depths on drawings are shown from front face of pilaster to finished wall.
- Cut headrail in field to suit (if applicable).
- "X" on drawings indicates that backing is required.
- Fabrication will not commence until approval has been received.
- Material supplied will conform to the dimensions indicated on drawings.
- Scale of drawings - none.
-  on drawings indicates location of pilaster reinforcing channel(s).

Important Notes:

Refer to final drawings for wood blocking information. Wood blocking is critical to ensure a rigid installation.
 See material specifications for material and hardware finishes.

*Above finish floor dimensions may vary due to floor level and cam position
