Furnished with leveling bolt, shoe retainer, floor L-bracket, plastic anchor #14-16, #14 x 5/8" (M6.3 x 16mm) stainless steel sheet-metal screws and #14 x 1-3/4" (M6.3 x 45mm) stainless steel sheet-metal floor screws.

Leveling Device — Floor-Anchored or Ceiling-Hung: $3/8" \times 1"$ (10 x 25mm) steel bar, zinc-chromate plated, bolted to stile using $6" \times 3/8"$ (152 x 10mm) diameter carbon steel lag bolt. Furnished with 3/8" (10mm) diameter threaded rods, hex nuts, washers, spacer sleeve (ceiling-hung only), expansion shield and shoe retainer.

Door and Mounting Hardware — Hinges, door latches, door keepers, coat hooks, and mounting brackets are constructed of chrome-plated zamak. Toilet compartment door is locked from inside by sliding door latch into keeper. A locked compartment may be opened from outside by lifting door to disengage latch from keeper. Doorstop prevents inswing door from swinging out beyond stile; on outswing door, the doorstop/keeper prevents it from swinging in beyond stile. Combination coat hook and bumper reduces damage from door inside compartment.

INSTALLATION:

Bobrick installation instructions are packed with each shipment and are available also in advance on request.

Notes:

- 1. Where water from showers or hose-down cleaning comes in contact with partitions, Bobrick 1080 Series water-resistant, solid phenolic partitions are recommended.
- 2. Ceiling-hung partitions require structural members (not furnished by Bobrick) in ceiling. For suggested types of ceiling support systems, see Bobrick Advisory Bulletin TB-32.
- 3. Wall backing is required to secure the mounting brackets of panels, stiles, and wall posts. For suggested wall backing, see Bobrick Advisory Bulletin TB-46.
- 4. Floor-anchored stiles are furnished with expansion anchors and threaded rods. The expansion anchors require minimum 2" (50mm) penetration into minimum 3" (75mm) thick structural concrete.
- 5. Bobrick stainless steel partition-mounted washroom accessories are available for mounting in panels between two compartments. See current Bobrick Catalog for description of accessories. Cutouts in panels can be pre-cut for Bobrick models at factory if location and size of all cutouts and Bobrick model numbers are furnished at time of order.

GUARANTEE:

The Bobrick toilet partition panels, doors and stiles are warranted for a period of 2 years against breakage, corrosion, delaminating and defects in workmanship from the date of purchase for the periods set forth (this limited warranty is conditioned on the toilet partitions being properly installed, used and serviced). Spraying down or hosing HPL partitions voids warranty. Any products returned to Bobrick under this guarantee will be repaired or replaced at no charge.
